Los Angeles. Cal.

Mr. Manley

your letter was received some
time ago very glad to hear from you.
you said you didn't know I was feeling
I was feeling fine when I wrote to you before
but I have had the flu since then but
I am all over right now. you ask me if I
would love to come back and manage
for you. yes, I would love to with the
same ball club because we had a
winning ball club at the end of the
season. be sure and get Davis if you can.
well cap you wouldn't be going wrong
if you move to Los Angeles this is God.
country, in your next letter try and
send me your line up the best you
can. well where will you have
Spring training this year please
don't go back to Savana if so have a
diamond.

I arrived in town last night and got
your telegram this morning so I will
send it right away. I would be glad to
manage the team as we got along so good
last year but I do think it is worth more to
manage and play so I will sign the contract
and talk it over with you when I get there
as you want them at ~~one~~ once.
and the boy that is coming back with
you have a car and if you send me
fifty dollars we will be there buy
the first. I put in for my insurance
six weeks ago and haven't got it yet.

and I will close as I want to get this
off in the morning mail and will write
you again soon

yours truly

Mack
